

Why I Love Jimmy John's

By: Birdie Sizer

Have you ever eaten delicious red tomatoes, with amazing bread, and lots of really good mayo? Well that's what it's like to eat at my favorite restaurant, Jimmy John's. I believe that Jimmy John's is the best restaurant because they have amazing food, good fast service, and is a nice place to be at with all the cool signs hanging up you can read as you eat at the best sandwich restaurant ever.

My first reason why Jimmy Johns is my favorite restaurant is because ~~x~~ I really like the chips at Jimmy John's. ~~because~~ ^T they have amazing flavors! They make their own chips so you can only get them at jimmy john's, and the chips are very very crunchy. My favorite flavor of chips is bbq. I also really like the plain original because it's still so good!

The second reason it's my favorite restaurant is because their sandwiches are amazing. They have a lot of very green delicious lettuce, red tomatoes and sweet ham and really good cheese. I could list all the things I love about Jimmy John's but then you would be 90 when I'm half way through! ;)

My final reason Jimmy Johns is my favorite restaurant is because they are very fast. For example, one time I was with my dad picking up food for five people. It only took like less than ten minutes!

As you can see Jimmy John's is an amazing restaurant, with its amazing food, amazingly fast service, and amazing environment, and that is why I love Jimmy John's.
